

ALL OFFICIALS PLEASE READ:

This year there are two sites hosting the mandatory GHSA Rules Clinics/Training for all Cheerleading Officials. All officials will select one location to attend. This is a mandatory training session. All associations will host an individual training with the local area association immediately after the final GHSA training sessions. The dates for the second mandatory training will be announced by the Booking Agent of each association. There are a number of changes this year that require concentrated training.

Registration at both sites will be \$30 and will include registration, lunch, GAOA membership and training cost.
